

The Funky Punks

Bio

What is a 'Funky Punk'? A 'Funky Punk' is a super silly, extra zany, always adventurous reflection of you and me. A 'Funky Punk' is a spunky, quirky, deliciously rambunctious clown. Young at heart with imagination to spare, these childlike fools burst out of the box and will dance and tumble their way into your hearts.

Their show, aptly titled "The Funky Punks", (it's got a ring to it, huh?) is a high-energy, interactive, circus arts, clown extravaganza. Audiences will be wowed by the silly and the spectacular rolled into one. Get ready for non-stop, knee slapping, belly laughing as the 'Punks' share their delightful world of wonder and whimsy. Be amazed by puppetry, stilt-walkers, jugglers, dancers, trampoline tricksters, super slippery table sliders, the human body and even a plunger! At times, lucky audience members even have the chance to hop on stage and join in the show.

"The Funky Punks" is the children's entertainment brand offered to the young and young at heart by critically acclaimed Troubadour Theater Company. A Not-for-Profit organization, Troubadour Theater Company is one of five arts organizations selected to program youth entertainment at the Miles Memorial Playhouse located in the city of Santa Monica. The 'Punks' are ambassadors of goodwill performing for charitable causes including: animal conservation, California Literacy Night for LAUSD, Children with Autism and other local and statewide youth programs.

'Funky Punks' put the "Fun" in "Funky." They are unreal, unstoppable and unbelievable. Bring your kids and celebrate your own inner child as you come undone with the Funky Punks!
